To add a guest/club pass player to an event roster, you'll first want to be sure that the event is allowing both types of players for the event. Once this is done here are the steps:

1. Add the player that you're using for the event a player role with your club by going to:

Club management>players>add player. Here you will look up that player and add them to your account.

The screenshot shows the 'Players' management page in the GotSport system. The left sidebar contains navigation options, with 'Club Management' expanded and 'Players' selected. The main area displays a table of players for MAMBAFC. A red box highlights the 'Add Player' button in the top right corner of the table, with a red arrow pointing to it.
